

Employees in the Fire Management Unit, with a 56-hour average work week, you have several leave cash-out options depending on the leave types you accrue in the upcoming year. Details regarding pre-designation may be found in your [Memorandum of Understanding](#). Your cash-out options are also summarized below:

Vacation and/or Paid Time Off (PTO)

You may elect to cash out **up to a total of 224 hours of vacation and/or PTO** by exercising the following options:

- **Future Accruals** – You must make an irrevocable election during the month of December specifying the number of hours to be sold back from the next calendar year’s vacation/PTO leave accrual. The election must be made in increments of not less than 10 hours and may not exceed 112 hours.
 - **Employees Not Enrolled in the Modified Benefit Option (MBO):** You may pre-designate up to **112 vacation hours** accrued in 2026. You may pre-designate a combination of vacation and PTO only if you intend to convert to the MBO during the next open enrollment period and start accruing PTO in the new plan year beginning July 25, 2026.
 - **Employees Enrolled in MBO:** You may pre-designate up to **112 PTO hours** accrued in 2026. You may pre-designate a combination of vacation and PTO only if you intend to disenroll from MBO during the next open enrollment period and start accruing vacation in the new plan year beginning July 25, 2026.
- **Existing Accruals** – You may cash out up to 112 hours of existing vacation and/or PTO accruals without a pre-designation and hours **will be subject to a 10% penalty**.

Holiday Leave

You may elect to cash out **up to a total of 167 holiday hours, or 142 holiday hours for MBO enrollees**, by exercising one or both of the following options:

- **Future Accruals** – You are eligible to make the following **irrevocable** pre-designations:
