A new dependent is added to your account by providing the data requested and clicking the “Submit” button.

Medical expenses debit card

Once your RMT account becomes claims-active, you will be sent a debit card to utilize as a convenient method to access available account funds for qualified medical expenses. With your debit cards use, qualified expenses are paid for automatically at the point-of-purchase, eliminating the need to submit requests for reimbursement or waiting for payments to be made. Two debit cards will be mailed to you within 10 days of your account becoming claims eligible. Please watch for it to arrive at your home address along with the Cardholder Agreement in a plain white envelope.

Your debit card is eligible for use based upon the funds available in your RMT account. When using your debit card, the amount of the expense is automatically deducted from your available account balance and paid directly to the authorized provider. Remember to save your receipts as you must retain records and documents to validate your card transactions. In some cases, you may be required to provide additional documentation regarding a debit card transaction.

Where to use your debit card

Your debit card may be used at merchants who accept Mastercard and who also have an inventory information approval system (IIAS) in place to identify account-eligible purchases. At the point of purchase, the IIAS automatically approves the purchase of eligible items and payment is made automatically to the authorized merchant from your benefits.

- Eligible items are automatically approved at authorized merchants and paid from your benefit account.
- Don't worry, your purchases cannot exceed your available account balance.

Updating/providing banking information

Instead of having physical checks mailed as reimbursement for out of pocket expenses, you may add banking information so your reimbursement is deposited into your bank account. To update or provide banking information related to your account, you may take the following steps within the Claims Portal:

- From the main landing page, select the “Accounts” tab;
- Then select “Banking/Cards” from the drop-down menu.
